

Bread, milk, fruit and
leftovers are commonly
wasted

WAIT!

Before you cook, consider how much food
we waste. Let's fight Food WASTE

vegetables
wasted
because we are
different!!!

wasting food wastes the resources used to
make them!

7.6 million tonnes of food
is wasted every year!

See the impact of
food waste?

what's that
smell?

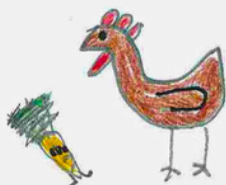

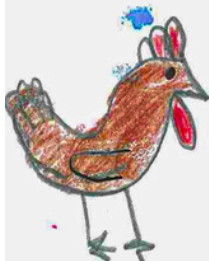

methane!

Rotting food
creates methane:
A harmful gas to
the environment
AND our noses

What we can do!

Use it up

Feed it to chickens!

eat leftovers

OZHARVEST

Makes a difference!

(worms love fruit!)

compost it!

we can make

Yay!

a happy world!

Together we fight
FOOD WASTE
